

## **Title: CHSS DISTINGUISHED PROFESSOR AWARD**

**Purpose:** The CHSS Distinguished Professor Award is designed to encourage, reward, and publicly acknowledge sustained excellence in Teaching, Research and Creative Activity, and Professional Service by members of the College's faculty. The award recognizes excellence in all three areas of faculty performance and in the integration of the three areas into a coherent career thread.

**Eligibility:** The nomination pool for this award will be comprised of the faculty members who were chosen that year for their department-level Distinguished Professor Award. Only one nominee per department is permitted in a given year. Any full-time permanent faculty member with a minimum of five consecutive years of service at KSU and a total of 10 years of higher education experience is eligible to apply for this award at the department level. College award winners are eligible to reapply once every five years. The award recipient must be under contract at KSU when the award is presented.

**Recognition:** A plaque, \$1,000 in travel funds, and a one-course workload adjustment to be taken the following fall or spring as determined by awardee in conversation with her/his department chair(s).

**Number and Frequency of Awards:** One award may be presented annually. However, if there are a lack of outstanding candidates, an award may not be granted.

**Award Criteria:** The primary criteria will be the impact and significance of the candidate's work in the three areas and some degree of integration among them. The candidate must demonstrate a sustained record of excellence and distinction in teaching, research and creative activity, and professional service. Please refer to individual teaching, research and creative activity, and professional service CHSS awards for examples of accomplishments that might be included as evidence.
